## Points of Stillness Attendance and Cancellation Policy

Points of Stillness strives to provide exceptional care and the highest quality of services possible for all clients. In order to do so, regular attendance is necessary to establish a positive treatment routine and to build and maintain skills. Inconsistent attendance hinders achievement of goals and prevents clients from receiving the full benefit from therapy. In order to encourage consistent attendance, Points of Stillness has established the following policy:

**CANCELLATIONS:** We understand that due to illness or other unexpected events it may be necessary for you to cancel a therapy appointment.

- Notice is expected prior to the appointment, and at least 24 hours' notice is requested.
- It is your responsibility to notify/call the front desk as soon as possible if you need to cancel a therapy appointment and provide a reason for the cancellation.
- Please notify the clinic at least two weeks prior to vacations or other planned obligations that will result in missing a scheduled treatment session. Please review our travel policy for additional information.
- Excessive cancellations (more than three appointments within two months) may result in the loss of the client's treatment spot, discussion about finding an alternate appointment time and/or placement on a waiting list. Extenuating circumstances will be taken into consideration.

**NO-SHOWS:** A no-show is defined as failure to give 24-hour notice prior to missing an appointment and failure to attend the scheduled appointment. A charge of \$50 for each no-show episode will be charged to your credit card.

- Two no shows may result in the loss of the client's treatment spot. Extenuating circumstances will be considered.

**PUNCTUALITY:** We ask that clients consistently arrive 5 minutes before for all scheduled appointments in order to receive the optimal benefits from therapy.

- Please arrive no more than five minutes early for each session and notify the clinic if you are going to be arriving late.
- Punctuality for appointments allows adequate therapist/patient interaction. This also gives us time to report outcomes to parents and disinfect therapy spaces.
- Frequent tardiness may result in loss of the client's treatment spot.

High levels of cancellations or missed appointments may adversely affect therapy progress and success at therapy. We value your time and the time our therapists devote into preparing for and implementing each session. Consistent attendance helps honor the collaboration between clients and therapists and highlights the combined effort required to achieve therapeutic goals. Your signature below indicates your understanding of this policy and your commitment to receiving the full benefits of therapy.

## **REQUIRED AT FIRST VISIT**

Points of Stillness requires clients to keep a credit card on file to pay any balance due after insurance has made payment to us (this includes both primary & secondary insurance companies). This card will be used only to charge any outstanding balance due on the patient's account (co-payments, co-insurance amounts, deductibles, and non-covered services) that have not been paid within 60 days or if payment has not been received after 2 statements have been sent to you from Points of Stillness, LLC.

We will not accept HSA/HRA cards for this form. You are welcome to use your HSA/HRA card to pay your bill by calling or stopping at the front desk, paying by using your private client portal, or paying online from your emailed invoice.

**Along with your credit card, we will need a copy of your valid photo ID.**

Our office is fully committed to providing appropriate security of our records (including your credit card number), protecting the privacy of our patient's information, and properly maintaining our billing policies in accordance with national HIPAA standards.

**Why does Points of Stillness keep my credit card on file?** This is becoming the "norm" for medical practices just as it is when you check into a hotel. By being able to charge remaining balances on the credit card for people who don't pay their bills within 60 days or 2 statements, we are able to keep our costs lower, continue to provide you great care, and pay our hard-working staff. Being a small practice, it is important for us to try and always keep your costs low and keeping a credit card on file allows us to do this.

**Is my information secure?** Absolutely! The information is stored in our HIPAA compliant billing software and only billing staff have access to it.

**Will I have the opportunity to pay my bill?** Yes! Once your insurance company has paid their portion, you will receive your bill by email, with your balance due. You can also set up a Points of Stillness client portal account where you can access your billing information and pay at any time. (Please stop by the front desk to set up your private client portal account.) You have the option to pay your invoice by check, credit card or cash. Our policy is that we send two statements and wait 60 days. If after that time the bill has not been paid, the credit card will be charged.

**What if there is an error, or a charge, I want to dispute?** You still have the opportunity to dispute any charge with your credit card company as you would for any other charge. Also, our billing office is available by phone to answer any questions about your bill or any credit card charges.

**My insurance always pays everything so why do I need a credit card on file?** There are virtually hundreds of different plans, and we cannot know the intricacies of every patient's plan until the claim has been sent. If there is a zero balance, then your credit card information will just remain securely stored and never charged.

**I understand all of the above but I either don't carry credit cards or am just not comfortable with this policy?** While every rule has an exception, we ask that in this case you fill out an authorization form which would allow us to transfer money from your bank account to ours. This money will be applied to your balance.

**What if I have Medicaid?** This card will be used for non-covered services, such as supplies, or if your insurance coverage lapses.

**This card will only be charged after all these conditions have been met:**

- **primary insurance has paid**
- **secondary insurance has paid**
- **2 client statements have been sent to client or guardian and not paid within 60 days**

For questions, please call our billing department Monday – Friday, 8:00 am to 4:00 pm. They will be happy to assist you.
